Paola High School Class of 2020, Parents, and Guardians,

I am sorry to inform you that due to the continued increase in COVID-19 cases locally and the increased risk of exposure to COVID-19, USD 368 has made the tough decision to change graduation scheduled for July 11 from a traditional graduation ceremony to a drive thru graduation on July 11 at Paola High School. This decision was extremely difficult to make and we understand that many will not agree with the decision. Please understand we have gone to great lengths to try and celebrate the Class of 2020 with a traditional ceremony. However, this pandemic continues to force changes none of us like and the change has been made with the best of intentions to keep everyone safe from risk of exposure to COVID-19.

Correspondence will be sent out to the USD 368 Class of 2020 students, via email on Tuesday, June 30 with the actual plans and details of the drive thru graduation. Information will also be sent out via Twitter and Facebook.

Regards,
Matt Meek
USD 368 Superintendent
