PARENTAL CONSENT & RELEASE FORM
Print and Broadcast Media, District Website**

Paola USD No. 368 ("USD No. 368") frequently takes photographs and video of students for educational/observational use and for use in school district publications, slide shows, video presentations and on its website. The district also utilizes live Internet web-streaming and online broadcasts of certain classes to enhance the educational experience of its students. It is possible that your child will be photographed and/or videotaped or observed during a live Internet classroom session. It is also possible that your child's image and/or his or her work product may be posted or available for viewing on the Internet. The district seeks your permission to use photographs/videos that may include your child and your consent to include your child in its live Internet classroom sessions.

I hereby authorize and/or otherwise consent to my child being the subject of photographs, videotapes, or audiotapes, or combinations thereof, that are taken, shot or recorded at school or school related activities for educational, student recognition or school public relations purposes. I further authorize and/or otherwise consent to my child's participation in live Internet classroom sessions.

The district, and/or any of its employees or agents, is specifically given the right and permission to cause my child's likeness or voice or both to be recorded and exhibited as still photographs, transparencies, motion pictures, television, video (videotape recordings), slide shows, or other similar media, including Internet applications and use on the district's website for educational, student recognition and public relations use.

I waive the right to inspect or approve the finished still photograph, transparencies, motion pictures, television, video (videotape recordings), slide shows or other similar media including any sound track associated therewith, or advertising copy or printed matter that may be used in conjunction therewith, or the eventual use that may be made of such still photograph, transparencies, motion picture, television, video (videotape recordings) or other similar media, including Internet applications and use on the district's website.

I specifically authorize the reproduction, exhibition, broadcast and/or distribution of this material without limitation. A release form must be signed for EACH student attending school in USD No. 368 and is effective until it is modified by the written direction of the student's parent or the eligible student, or the student exits the district.

*Your student's photograph, name and other directory information may appear in the school yearbook. After the annual FERPA Statement of Rights has been published in the Miami Republic Newspaper, parent or eligible students have two (2) weeks to advise the school district in writing (a letter to the school superintendent's office) of any or all of the items they refuse to permit the district to designate as directory information about that student. At the end of the two-week period, each student's records will be marked to indicate the items the district will designate as directory information about that student. This designation will remain in effect until it is modified by the written direction of the student's parent or the eligible student.
